July 1992

Father's Day Ride" June 21st

A record setting 17 bikes showed up for our Father's Day Ride. A crisp morning ride included a breakfast stop. We traveled through the *Round Valley Reservoir* area, then *Historic Clinton*. The famous *Clinton Museum* and water wheel, often seen on calendars and in magazines, were among the sites. We then continued on Rt. 513 to Frenchtown and Stockton. The group split at that point to get home to celebrate the day with Dad. A sign-in sheet was established for attendance at the ride. All members should make sure they sign the attendance sheet at all meetings and rides for proper credit. Unfortunately a few members arrived late and missed the group, so please check the schedule for time of departure.

July 6th Meeting:

Roll Call: Attending the meeting; Coradeschi, Cushing, Gibbon, Hoffman, A. Jagusch, R. Jagusch, E. Jankowsky, Kiesel, Loria, Monaco, Ochwat, D. Unangst, T. Jankowsky, Panzer, Kildren, Koptis, Metz, Youngblood.

Our current membership is at 26 members, with a limit of 30. Only members in good standing will be kept on the rolls. An attendance requirement will be established in the Bylaws review.

Bylaws Committee Report:

Chairman Tom Coradeschi, and his committee began a review of other established bylaws and will apply club objectives and report its findings. AMA Charter will require that we have a organized set of by-laws.

Other items discussed; Much discussion on the breakfast ride we had on Father's Day. Many felt that breakfast cut into their ride time, yet others enjoyed the fellowship. We decided to start at 8:00 am in the warm months to beat the heat and get back earlier for those with other commitments. We also thought meeting at the diner for breakfast would work out better.

We are working on a club logo, name tags, and would like any information on other club rides so we can link up.

Congratulations to Steve Chapkovich from Touch of Class BMW: Steve has placed 4th Nation-wide in his class. He will be riding a Husqvrna in Australia's International ISDE (Six day event).

ERC Course: Anyone interested in attending a MSF Approved ERC Course should contact Drew Gibbon @ 908-637-6538. A course in Stone Ridge, NY (near Kingston) will be reviewed for members.
