*"The Baroque Angel"*

### The New R1100RT

All the initial reviews have been very positive on this New Tourer. Several members have already test ridden the bike and are really impressed. The real problem is what color to choose. The bike magazines have also been reviewing and even Cycle World liked it. *The RT is powered by the same 1085 cc, eight valve opposed-twin found on the RS, GS and R models. Telelever and Paralever technology has been continued on this German New Comer.*

#### ***This ain't your fathers RT!***

**See the RT at Touch of Class BMW**

Dave Cushing has a demo ready to go!  
They are in three colors (Blue, Green & Red)  
Call Dave for more details.
